The X12 Official Firmware Release Note

① **Release date : September 11th, 2020**
② **The version of updated firmware : R0136**
③ **Refer to the below for the contents updated**

A. New Functions

1 New App Server for 'NOVATRON MusicX NEO' app

We have improved the X12 to work with the MusicX NEO app. Please remove old app, the MusicX from your mobile devices, and use the MusicX NEO with your X12 after updating with R0136 firmware.

※ NOTE : We will remove old app, MusicX from Google Play Store and Apple App store soon

2 Amazon Music and HighResAudio were added to Streaming Services

Amazon Music

HighResAudio

B. Improvement

1 Micro adjustment of the code related to network protocol that may affect on the file transferring speed
2 Cleared the bug that station list stored in the FAVORITE is different according to Wired or Wireless LAN
3 Improved to get album cover art from Google and Amazon
4 Others: Improved many codes to work just like our new generation devices

Thank you very much!
